MEET A COUPLE OF CATS WHO KEEP ON DELIVERING FOR LIBRARIES.

TO HELP YOU SAVE TIME AND EFFORT IN ALL KINDS OF GREAT WAYS.

Our mascots, Baker and Taylor, represent a company that doesn't pussyfoot around when it comes to meeting your needs.

Our inventory, for example, is the largest of any book distributor. We've got over 10 million books comprising over 14,000 publishers — everything from bestsellers and children's books to hard-to-find titles. We also offer spoken-word audio and

videos. If you need it, we probably have it. Or we'll go out and get it. And we'll fulfill your orders accurately and ship in-stock books within 24 hours. Nobody does it better. Nobody does it faster.

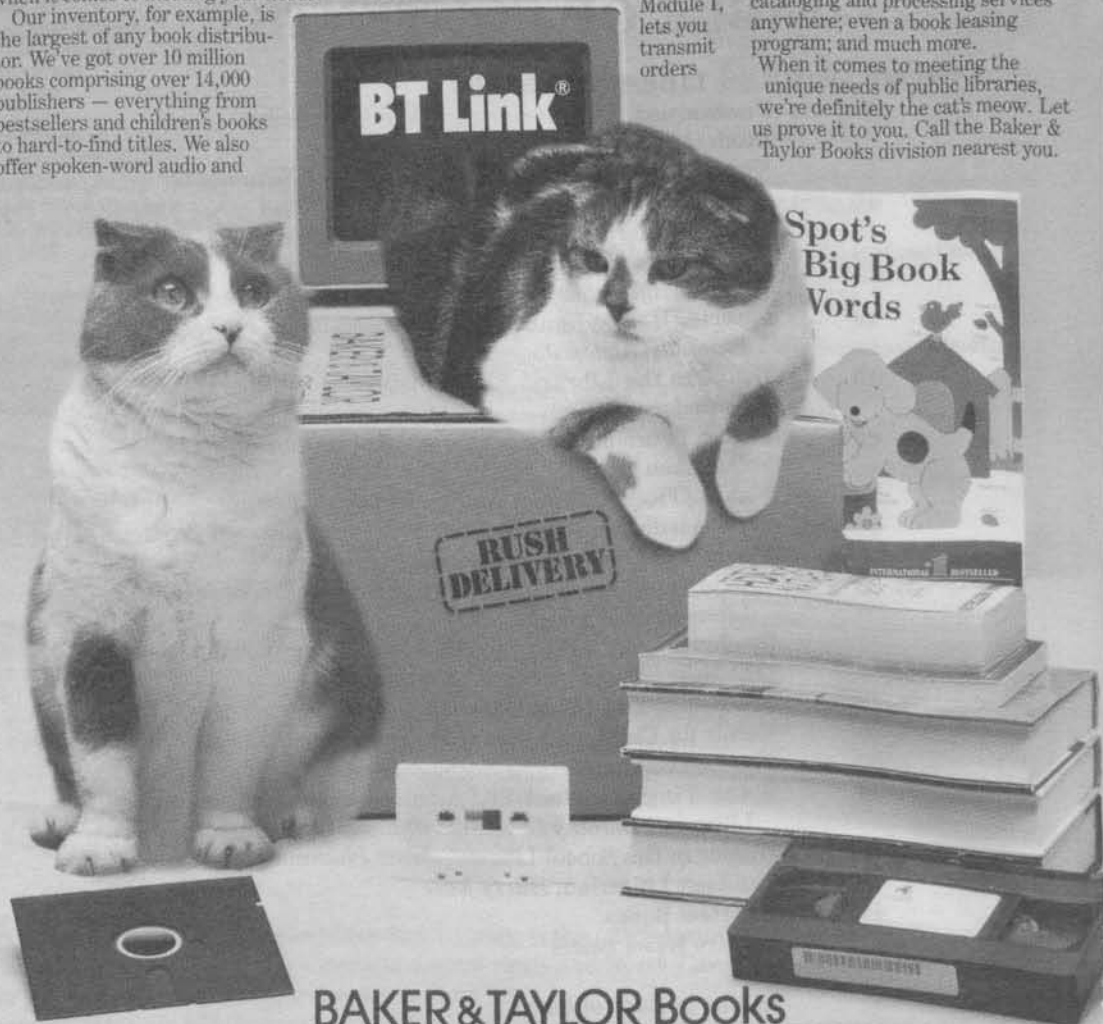

We make ordering simple, too. Our free electronic software, BT Link®:

Module I, lets you transmit orders

over toll-free phone lines and get inventory confirmation in seconds — all on your library's personal computer. Nothing's more convenient.

We're also making your life easier with our continuations standing order program; the most extensive cataloging and processing services anywhere; even a book leasing program; and much more.

When it comes to meeting the unique needs of public libraries, we're definitely the cat's meow. Let us prove it to you. Call the Baker & Taylor Books division nearest you.
