You shouldn't have to do battle
with a giant database full of

articles that are of little
use to you. At SIRS,

it's the quality, not
the quantity, that counts. All the

articles in **SIRS Researcher®**,

SIRS Discoverer®, **SIRS**

Government Reporter® and

SIRS Renaissance® pass a

rigorous selection process that

eliminates redundancy. Our

experienced research team of
educators and library profession-

als selects only relevant, useful,
compelling articles – those that

comprehensively describe all
aspects of an issue.

We work hard to bring you the
best collection of full-text articles,
so that your patrons don't have
to fight to find them. That makes
SIRS a leading provider of quality
information services.
