

# north carolina libraries

**"Professionalism" is the  
leading contributor to the  
complexity of personnel  
evaluation in academic  
libraries.**

John Lubans, Jr., 1984

Spring 1984

# *Put the power of National Geographic into your library....*

You can have a more powerful science curriculum—and study nature year round—by using our brand-new color film series, **THE FOUR SEASONS**. It chronicles seasonal changes that take place throughout much of North America.

These will delight and inform students in grades 2-6.

Buy the series of four films and save 10%!
